

Basic Game Play

- The game is played with 2 or 4 players (preferably 4).
- The boards will be placed 27 feet apart (front to front).
- Team partners face each other from OPPOSITE BOARDS.
- Play starts at either board with all eight bags.
- Each team plays with a set of 4 bags and each team has their own color bag.
- Opponent's alternate tosses until all 8 bags are played.
- The round is then scored (see scoring).
- Repeat the play from the other end and the highest scoring team from the previous throw has honors.

Scoring

- The first team to get 21 or more points wins!
- A team earns 1 point for bags on the board, they can't hit the ground and then bounce on the board, nor can they be touching the ground. It is appropriate to remove all bags from the board that hit the ground first, this is done before play is continued.
- A team earns 3 points for bags that go into the hole. They must go completely in the hole. Bags that are hanging in the hole only count for 1 point. If your opponent knocks your bag into the hole you still get the 3 points.
- The score for each round is determined by calculating the difference between team totals for the round. For example, if Team-A throws 1 bag into the hole, 1 on the board and 2 off the board, then its total is 4 points. If Team-B throws 1 bag on the board and 3 off the board, its total is 1 point. The score of the round is the difference between the two totals. In this case Team-A scored 3 points (4-1=3).

Players Stance

- Players cannot cross the foul line. The foul line is an imaginary line extending from the front of the boards.
